ABOUT

Frontend Developer | React.js | Next.js | Shopify

Passionate and motivated person that focus on delivering scalable, responsive and user-friendly applications by utilizing modern techniques and best practices. Dedicated to constantly learning and face complex challenges to enhance my skills for both personal as well as professional growth.

WORK EXPERIENCE

PERSONAL PROJECTS

FILÀTO Studio

<https://www.filato.co/>

- Built an e-commerce fashion platform on **Shopify**, combining **ready-to-wear** collections with custom **tailoring services**.
- Developed and maintained a **responsive, high-performance** storefront optimized for conversion and user experience.
- Made several **code-level** adjustments to ensure an **optimal user experience** and meet specific client requirements.

FILÀTO Tailoring

- Built a responsive and user-friendly tailoring service platform using **Next.js**, ensuring seamless performance with **backend integration** and an intuitive interface.
- Contributed to the **design process** by providing reference designs and offering constructive feedbacks.
- Integrated **AWS S3 bucket** for user reference images.
- Implemented **Stripe** for hassle-free payment processing and user convenience.
- Managed application state efficiently using **Redux**.
- Assisted in **backend development** to ensure smooth functionality and data flow.

FREELANCE PROJECTS

01/2024 - Present

Grazle

<https://grazle.co.in>

- Spearheaded **UI improvements** and **responsiveness fixes**, ensuring a seamless and visually consistent experience across all devices.
- Identified** and **resolved** front-end issues to match the exact **figma design**, optimizing performance and enhancing user interaction.
- Advocated for and implemented **clean code** practices to improve code readability and maintainability, ensuring smoother collaboration across the development team.
- Conducted comprehensive audit of all required **API integrations**, identifying missing connections. Implemented necessary API integrations to complete system functionality.

WORK EXPERIENCE

FREELANCE PROJECTS

01/2024 - Present

Habit Coin

- Developed a **responsive** and **user-friendly** website to showcase the Habit Coin ecosystem.
- Ensured **seamless functionality** and design consistency across all devices, delivering a smooth experience on both desktop and mobile.
- Focused on **clean UI**, performance optimization and adaptability.

MLPB Armory

<https://mlpbarmory.com/>

- Contributed to a **blockchain-based** platform built with **Next.js**, focusing on seamless user interaction and performance.
- Developed a custom **minting portal** integrated with blockchain functionality, enabling users to securely mint NFTs.
- Designed and implemented responsive **email templates** for transactional and marketing communications.
- Resolved multiple **UI/UX bugs** and **improved responsiveness** across devices, ensuring a consistent user experience on desktop and mobile.
- Collaborated** with developers and project stakeholders to deliver efficient, scalable solutions under **tight deadlines**.

Finarch

<https://finarch.co/>

- Developed a modern, high-performance architecture website using **React.js** with a convenient form.
- Utilized **Material UI (MUI)** to create a fully responsive, accessible and flexible user interface aligned with the client's design vision.
- Integrated **RESTful APIs** to dynamically render architectural content, images and project details.
- Ensured **cross-browser compatibility** and **optimized performance** across devices for a seamless user experience.

Ghoomo Phiroo Pakistan

- Developed a **feature-rich admin panel** for a travel agency using **React.js**, enabling efficient management of bookings, destinations, and user data.
- Integrated **RESTful APIs** to facilitate real-time data handling, including trip details, customer interactions, and backend communication.
- Focused on creating a clean, **intuitive UI** to improve administrative workflow and operational efficiency.

AltCode Labs

10/2022 - 12/2023

AltCode Labs

<https://www.altcodelabs.com/>

- Developed the company's official website using **Next.js**, focusing on performance, **SEO**, and scalability.
- Utilized **Material UI (MUI)** to design a responsive and flexible layout tailored to the brand's identity.
- Implemented **3D animations** and interactive visuals using **Framer Motion** and **Sketchfab**, enhancing user engagement and visual appeal.
- Ensured **cross-device compatibility** and optimized load times for a seamless browsing experience.
